THIN PEOPLE**SHOULD TAKE****PHOSPHATE**Nothing Like Plain Bifluorophosphate to
Put on Firm, Healthy Flesh and
to Increase Strength, Vigor
and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, replacing ugly hollows and angles by the curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their extreme thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphorus than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency as efficiently as Bifluorophosphate, which is inexpensive and is sold by druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food element, Bifluorophosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

CAUTION—Although Bifluorophosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

Easy to Make This
Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about 25¢.

You know that pine is used in nearly all preceding remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2 1/2 ounces of pine in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup.

Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children like it.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistent, loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded.

The Pine Co., Ft. Wayne, Ind.

Rheumatism

is completely washed out of the system by the celebrated Shinar Mineral Water. Positively guaranteed by money-back offer. Taxes fine, cost a trifle. Delivered anywhere by our Memphis agents, Oliver-Flinn Co. Phone 288.

**THREE NEW LEFT
PARTIES ARE LEFT
FOR A VIOLENCE****Spartacus, Or Bolshevists, Independent Socialists and Social Democrats Contesting for Supremacy.**

LONDON, Dec. 17.—Correspondence of the Associated Press.—Some light on the confused political situation in Germany may be gained by analysis of the revolutionary forces now at work. There are three distinct parties contesting for supremacy: the social democrats, the independent socialists and the Spartacus or Bolshevist group. The social democrats are the old Reichsmann party. Throughout the war they worked hand-in-hand with the so-called "middle class" moderate parties. When the revolution occurred they wished to continue this cooperation and establish a coalition government representing the old Reichsmann coalition majority. They may be called the "extreme right" of the revolutionary element of the revolutionary government.

But, owing to the opposition their program encountered a compromise was made with their chief rivals, the independent socialists, led by Hugo Haase, Georg Ledebour and Carl Kayser. The independent socialists, however, have consented to their agreement with the social democrats to the establishment of a socialist state dependent upon a straight vote of the majority of the people. Like the social democrats, they are in favor of constitutional procedure. They may be termed the "center" party.

The "extreme left" is the mysterious Spartacus group formed in the fall of 1918. It gets its name from anonymous political letters, signed "Spartacus," which were sent out by Karl Liebknecht for the personal information of the radical element among the social democrats. These letters, first distributed in 1919, took the form a year later of an illegal, secretly published periodical bearing the name "Spartacus." It denounces both the social democrats and the independent socialists as traitors and is trying to bring about a dictatorship of the proletariat by force of arms. The group is the German equivalent of the Russian Bolsheviks.

More or less allied with the Spartacists are the two other extremely radical groups, the "internationalists" and the "international socialists of Germany." The internationalists, after a publication which the party organizers tried to stop in 1915, is led by "Ernst Thälmann," a well-known publicist, and by two women, both writers and editors, Rosa Luxemburg and Clara Zetkin. Julius Thälmann is believed to be the leader of the "international socialists of Germany," but the group apparently has not figured in the revolution up to this time.

**DISSENTION IS
PLANNED BY
SPARTACUS GROUP**

AMSTERDAM, Dec. 17.—The Spartacus group, according to a Berlin telegram to the Harlequin, has drawn up the following program of immediate steps for safeguarding the revolution.

Disarmament of all police officers, nonproletarian soldiers and all members of the ruling classes.

Arming of all grownup male proletarians and the formation of a workers' militia.

Confiscation of the soldiers' and workmen's council of arms, munitions and armament works.

The formation of a proletarian red guard.

Abolition of the rank of officers and noncommissioned officers.

Removal of all military officers from the soldiers' and workmen's councils.

Replacement of political organs and the authorities of the former regime by representatives of the soldiers' and workmen's councils.

Abolition of all parliaments and municipal and other councils. The election of a general council, which will elect and control the executive council of the soldiers and workmen.

Cancellation of all state and other public debts, including war loans, down to a certain fixed limit of subscription.

Expropriation of all landed estates, banks, coal mines and large industrial works.

Confiscation of all fortunes above a certain amount.

Only One "BROMO QUININE."

To get the genuine, call for full name, LAXATIVE BROMO QUININE TABLETS. Look for signature, E. W. GROVE. Cures a Cold in One Day.

**BOLSHEVIK SEEK
ARMY OF MILLIONS**

NEW YORK, Dec. 17.—The Bolsheviks are trying to raise an army of 2,000,000 to put down the conservative element in Russia, whom they term imperialists. Capt. Piaton Ostrovnik, formerly of the second line Hussars, and who left Petrograd Oct. 20, declared on his arrival today in the Stockholm.

A veteran of the Russian invasion of East Prussia early in the war, he was wounded three times, and son of the Russian consul-general at New York. Capt. Ostrovnik said that the government had forbidden citizens to leave the country, and he was able to depart only because he was classed as an invalid. Executions by the Bolsheviks were a daily occurrence, he said, and thousands of conservatives were held by the radicals as hostages so as to provide victims of revenge in case officers were killed. After the recent slaying of a minister of the interior, he asserted, the "reds" shot 512 officers of the former imperial regime.

Food is so scarce, the captain said, that horse flesh sells for 10 rubles (43¢) a pound and black bread for 12 rubles a loaf and it can be obtained at all.

**LEXINGTON MAN KILLED
WHEN AUTO TURNS OVER**

LEXINGTON, Miss., Dec. 17.—(S.P.)—Capt. Rogers was killed and Major D. T. Buff and H. H. Johnson slightly injured when an automobile service car, owned by Rogers, turned over, pinning Rogers under it. Rogers attempted to get out of the car, but he did not notice until almost upon it, and the automobile caved in. The other two were brought to Lexington, where he died.

HEARINGS RESUMED.

WASHINGTON, Dec. 17.—Hearings on the administration bill for permanent government were resumed today by the House merchant marine committee. The Merchant and other interests opposed to the measure were to be heard.

WOMEN ASK RIGHTS.

PARIS, Dec. 17.—(Havas).—Several groups of French women suffrage advocates have joined in issuing a manifesto demanding that the political rights of women be recognized by the government before the next election.

MELENDEZ ILL.

WASHINGTON, Dec. 17.—President Woodrow Wilson is seriously ill, the state department is advised.

Vice-President Quinones is in charge of the government.

Dental Certificates Prove Popular**Dr. Winfrey's Plan Is Received With Great Enthusiasm—Many Purchase Gift Certificates**

That Dr. Winfrey's unique plan of Christmas Dental Certificates struck the popular fancy is evidenced by the hearty response which followed his offer. Many have availed themselves of this opportunity of presenting in a graceful manner one of the most necessary and desirable gifts—WINFREY QUALITY DENTISTRY.

Winfrey Christmas Certificate**This Is To Certify, That**

has bought and paid for WINFREY QUALITY DENTISTRY to the value of which will be rendered to the bearer of this WINFREY CHRISTMAS CERTIFICATE on demand.

This certificate carries my guarantee of perfect satisfaction and may be used for GOLD CROWNS, BRIDGE WORK, SETS OF TEETH, or any other form of dental work—in all of which I guarantee the use of the best materials and the services of experienced and skillful operators—trained specialists in their various lines of work.

Dr. C. C. Winfrey

The use of these certificates will greatly simplify your Christmas giving. Is your wife a smile as sweet and pretty as it was the day you married her, with brown, sugared, missing or decayed teeth? Put a WINFREY CHRISTMAS CERTIFICATE in her stocking and you will put her bridal smile on her face Christmas morning. Try it.

Give a Winfrey Certificate

WAR WORK OF CENSUS BUREAU IS DESCRIBED

WASHINGTON, Dec. 17.—War work of the census bureau in the fiscal year ending last June 30, covering a wide range of activities, is described by Director Sam L. Rogers in his annual report just made public.

The war work included the making of estimates of population for use as a basis in the apportionment of the first draft; the allocation of enlistments; the classification of occupations of military registrants; an understanding that necessitated the handling and rehandling of more than 4,000,000 cards and canvasses of manufacturers and dealers to ascertain the consumption and stocks on hand of certain raw material used in war industries.

The special work done by the bureau, the report says, included a census of the Virgin Islands. Data as to the disputed areas of Europe and Africa, the final disposition of which is to be determined at the peace conference, was tabulated by the bureau. Preparations also were made for 1920, which the report estimates will require the services of a field force of 8,000 to 10,000 persons.
